

Directions to Cassington Anaerobic Digestion Plant

*Agrivert Ltd,
Cassington AD plant,
Worton Farm,
Worton,
Witney,
Oxon
OX29 4FL (Site postcode is misleading. Do not input into Satnav. See instructions below)*

Using a Satnav

When inserting a destination into your Satnav **do not** use the site postcode. (The site postcode may take you to a neighbouring farm). Instead enter **OX2 8JP** (for North Oxford Garage on the Wolvercote roundabout). This will bring you within 3 miles of the site, on the A40. Please follow the directions described below and shown on the maps above to reach the site at the final stage of the journey. The site is signposted from the A40.

From Oxford (red route)

From the Wolvercote Roundabout (A40/A44 intersection) drive 2.3 miles west along the A40. There is a slip road on the left after a lay-by, signed Agrivert. Take the slip road, follow the road round under the A40, and then continue along the track (speed limit 20mph) until you reach the bend at the end. Follow the track to the right (with the AD plant on your right) until you see the sign 'Agrivert visitors'. Stop here and call 07702700998 where an Agrivert operative will come and show you where to park.

From the West (blue route)

Head east along the A40 towards Oxford. Just after the village of Cassington, look for a slip road on your left. Take the slip road, and turn right onto the track. Then follow the directions above.

PLEASE NOTE THAT THE ACCESS ROAD HAS HEAVY TRUCKS AND SKIPS. PLEASE DRIVE CAREFULLY AND SLOWLY ONCE YOU HAVE LEFT THE A40.
